

Meetings at the Zoo

The Cincinnati Zoo & Botanical Garden offers 4 indoor venues for daytime meetings. Each venue has its own unique charm and character, and has complete audio-visual capabilities and internet access.

As the "Greenest Zoo in America" we offer energy-efficient and sustainable venues. In addition, our catering partner, SSA, has won the award for Greenest Restaurant in America. We offer compostable plates and flatware, and our water cooler service has replaced bottled water.

Enjoy your meeting and explore the Zoo during breaks and lunch time. Venture out on a scavenger hunt or book a team building exercise while creating enrichment items for our animals. Truly Zoo-Nique!

Facility rental fees apply based on venue and a \$9 per person fee to cover admission and parking. Ticket vouchers can conveniently be printed online by your guests prior to arriving. Maps are available showing directions to each venue, or download the Zoo App.

A complimentary animal appearance will greet your guest at your meeting venue upon arrival, during your lunch break or at the end of your meeting. Everyone enjoys showing off their selfie with the animals!
