

As a member of one of our Donor Clubs, you will help us change the world! We offer adventure, we educate people of all ages, we take the utmost care of our animals, and we take far-reaching actions to protect threatened species in the wild. Join a group of others who share your values in making these successes possible.

With the support of the Keeper Circle and Andrew Erkenbrecher Society, we foster curiosity about the natural world and empathy for living things in hundreds of thousands of children. We conduct research crucial to protecting and propagating species. We continually seek new ways to conserve energy and money, earning our moniker "Greenest Zoo in America."

To show our appreciation, we offer exclusive access and experiences. See inside for details.

Thank you for your commitment to the Cincinnati Zoo & Botanical Garden, one of the top zoos in America and one reason so many people are proud to call Cincinnati home. Join us.
