Discover the beauty and wildness of Manitoba in Churchill, a historic town on the shores of the Hudson Bay and gateway to the Arctic. Churchill is the epicenter for learning about polar bears, the “king of the north,” as they converge here every fall. During the autumn, spot polar bears out on the tundra during a thrilling stay at the iconic Tundra Buggy Lodge. At night, gaze in wonderment at the dancing lights of aurora borealis from the cozy lounge or the rooftop deck. Learn about the fragile ecosystem of the Subarctic, its history, and Inuit culture. Take in the beautiful wild places that offer the very best opportunities to see many other Subarctic inhabitants, including birds, seals, Arctic hare, and Arctic fox.
