Draw a picture of the animal, placing a dot
in the area where it is the color **PURPLE**

Name of Animal:

I Spy the Color Pink...

Draw a picture of the animal, placing a dot
in the area where it is the color **PINK**

Name of Animal:

Does having this color on it's body help or hurt
it's survival? Does it help it communicate? Or
hide?

Can you find any other animals at the
zoo today with that color on them?

Pick one of
your animals

Take Home Activity:

Color the areas on the animals that you put a dot in
the color they are supposed to be.
