Or, head to **The Grove** for our **Silent Disco**—grab a pair of headphones and **dance the night away** like nobody's watching!

SUPPORTING THE ZOO'S EDUCATION EFFORTS AND INSPIRING ACTION FOR CONSERVATION!

The Cincinnati Zoo offers a variety of **education programs for all ages**. These include Zoo camps, ZooTeens, adult education, school programs, outreach visits, overnight adventures, and more. The programs aim to teach about wildlife, conservation, and animal care while fostering a love for nature and **inspiring action for conservation**.

Zoo La La also helps provide funding to enable all kids, no matter their financial situation, to be able to enjoy these programs, through the Living Classroom Education Access Fund.

Feeling inspired?

Pounce over to the Restaurant Regatta, sponsored by Dawn, and Human Slot Machine in Vine Street Village! Unleash your wild side with our ZooTeens as they raise funds for their summer conservation action trip. Play their kid-approved games for a chance to snag gift cards to top local eateries and more beastly fun prizes!

Every time you play one of these games, **you're supporting our education programs**—helping kids in our community connect with the wonders of the Cincinnati Zoo & Botanical Garden. You're giving them unforgettable experiences and helping to create future conservationists! It's all fun and impact packed into one wild night.
