

Dear Guardians,

Spring Break Camp 2024

Beauty & the Beast- 4&K

Thank you for enrolling your camper in Spring Break Camp! We are very excited to have your camper with us this week. This week, our 4-year-old and Kindergarten campers will learn all about how animal appearances may differ, but that they are all important in helping animals be successful in their different habitats. Through learning games, animal encounters, and treks to various zoo habitats we will learn that both beautiful and beastly looking animals help make the world a great place!

Below, you will find more information on daily camp themes and activities. Should you have any questions, comments, or suggestions, all camp staff will be happy to assist you. Thank you for your continued support of the Cincinnati Zoo!

Day and Topic	Possible Hikes	Possible Animal Friends
1. Creation of Beauties & Beasties	Reptile House, Veldt	Blue-tongued Skink, Plated Lizard, Chinchilla, Turaco
2. Helpful Beasties and Beauties	Night Hunters, Jungle Trails	Barn Owl, Ball Python, Red-footed Tortoise, Darkling Beetles
3. Colorful Beasties & Beauties	Wings of the World, World of the Insect	Spotted Turtle, Blue & Gold Macaw, Milk Snake, Rainbow Boa
4. Fake Beasts & Phony Beauties	Komodo, Manatee Springs	Dumeril's Ground Boa, Black Rat Snake, Corn Snake, Tawny Frogmouth
5. Beautiful & Beastly Smells	Wolf Woods, Barnyard Bonanza	Striped Skunk, Apalachicola King Snake, 3-banded Armadillo, Madagascar Hissing Cockroaches

Conversation Starters:

- When you think of a beautiful animal, what comes to mind?
- What about a beastly animal?
- Can some animals be both beautiful and beastly?
