Winter Camp

DATES: Join us either Dec. 22, 23 & 26 **or** Dec. 29, 30 & 31

TIME: 9:00 a.m.–4:00 p.m.

PRICING: \$195 Non-members | \$180 Members
\$30 Before Care | \$40 After Care

Cold Weather Critters (4 Year Olds-2nd Grade)

Br-rr-rrrr, get out the gloves, jackets, and hats: winter is coming! Good thing many animals have built-in cold weather gear! Join us for this adventure as we meet cold weather animals face-to-face, hike to animal habitats, and discover the local wildlife that can tough out the harsh cold, just like we can!

Winter Warriors (3rd-8th Grade)

Some animals are equipped to tough out the cold and snow, while others migrate or hibernate to avoid the winter weather altogether. During this fun, hands-on program, we will investigate our own cold-weather adaptations with Zoo hikes, compare our adaptations to those of other animals with animal visits, and use games and other activities to have fun exploring and playing together.

Note: Grades will be further sub-divided based on registration numbers.

Holiday Camp

DATES: Join us on either Martin Luther King, Jr. Day (Jan. 19) **or** Presidents' Day (Feb. 16) for this single-day camp!

TIME: 9:00 a.m.–4:00 p.m.

PRICING: \$80 Non-members | \$65 Members

Enrichment Expedition (4 Year Olds-8th Grade)

Is play an important part of your day? It is to animals here at the Zoo! In this one-day camp, we will explore how both human and non-human animals use enrichment to stay healthy and learn how to get along with others. With interactive activities and observations of animals both in the Zoo and in the classroom, we will learn about how play is useful in keeping our animals happy and healthy. We will even create enrichment items for a few of our Zoo residents to enjoy.

Note: Grades will be further sub-divided based on registration numbers.

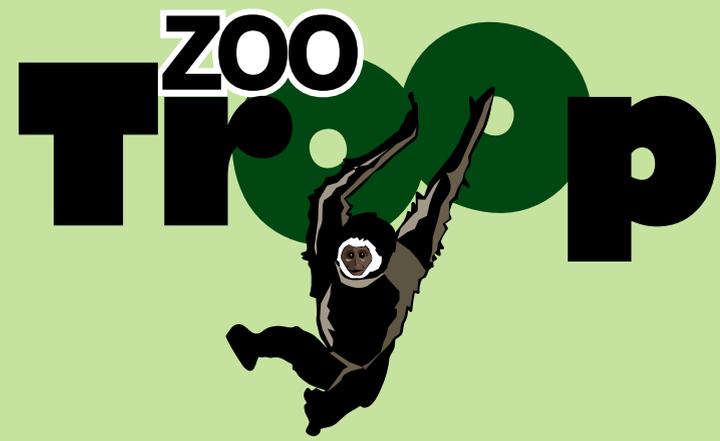

Zoo Troop Overview

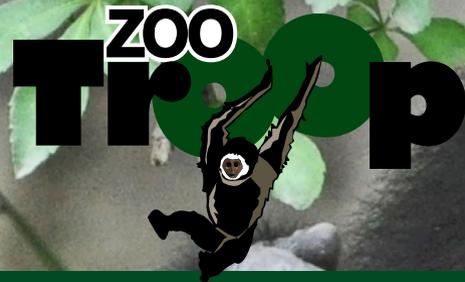

What is Zoo Troop?

Learning and growing is fun at the Cincinnati Zoo & Botanical Garden! Zoo Troop is a once-a-week, 4-week series for toddlers through 8th graders designed to spark curiosity, build empathy, and encourage healthy social skills while fostering knowledge and respect for wildlife and wild places.

Each class includes interactive activities in the classroom, Zoo hikes, and close encounters with ambassador animals. Older participants also take on a series-long project or presentation, giving them the chance to dive deeper and share what they've learned. With the same knowledgeable instructor leading each week, children can build positive relationships while exploring new topics that connect them to the wild world around them.

DATES & TIMES:
Choose to attend on Tuesdays, Wednesdays, Fridays, or Saturdays. See individual class descriptions for current series topics.

Toddlers

Sensational Senses

Can you smell as well as an armadillo or hear as well as a bat-eared fox? Animals use their senses in incredible ways to explore their world—just like we do! From seeing with eyes of all shapes and sizes, to sniffing with powerful noses, to feeling with toes, tails, or whiskers, animals have amazing ways to understand their surroundings. Discover how different animals use sight, smell, taste, and touch to survive every day.

DATES & TIMES:

Tuesdays: Jan. 13, 20, 27 & Feb. 3 | 9:30–10:15 a.m. or 11:00–11:45 a.m.

Wednesdays: Jan. 14, 21, 28 & Feb. 4 | 9:30–10:15 a.m. or 11:00–11:45 a.m.

Fridays: Jan. 16, 23, 30 & Feb. 6 | 9:30–10:15 a.m. or 11:00–11:45 a.m.

Saturdays: Jan. 17, 24, 31 & Feb. 7 | 9:30–10:15 a.m. or 11:00–11:45 a.m.

Choose to come every Tuesday, Wednesday, Friday, or Saturday for four weeks in January–February.*

Hoot & Holler

“Raaa” roars the tiger, “quack” calls the duck, “ssss” hisses the... cockroach. Animals sure do have a lot to say! Animals use their voices to communicate and their ears to listen. Explore the many ways wild animals talk to each other, from the familiar “moo” of a cow to the rumble of a rhino. Together, we’ll celebrate that every animal has a voice—and every voice matters!

DATES & TIMES:

Tuesdays: Feb. 17, 24 & Mar. 3, 10 | 9:30–10:15 a.m. or 11:00–11:45 a.m.

Wednesdays: Feb. 18, 25 & Mar. 4, 11 | 9:30–10:15 a.m. or 11:00–11:45 a.m.

Fridays: Feb. 20, 27 & Mar. 6, 13 | 9:30–10:15 a.m. or 11:00–11:45 a.m.

Saturdays: Feb. 21, 28 & Mar. 7, 14 | 9:30–10:15 a.m. or 11:00–11:45 a.m.

Choose to come every Tuesday, Wednesday, Friday, or Saturday for four weeks in February–March.*

***Note:** One adult must accompany children attending Toddler series.

PRICING:

\$90 Members | \$105 Non-members

Pre-K

Exploring Your World

What do you hear? What do you see? Animals use their super senses in all kinds of amazing ways. Big eyes help owls see in the dark, long noses help armadillos sniff out food, and whiskers help cats feel their way around. We’ll explore how animals use sight, smell, taste, and touch to understand their world and stay safe.

DATES & TIMES:

Tuesdays: Jan. 13, 20, 27 & Feb. 3 | 10:00–11:00 a.m.

Wednesdays: Jan. 14, 21, 28 & Feb. 4 | 10:00–11:00 a.m.

Fridays: Jan. 16, 23, 30 & Feb. 6 | 10:00–11:00 a.m.

Saturdays: Jan. 17, 24, 31 & Feb. 7 | 10:00–11:00 a.m.

Choose to come every Tuesday, Wednesday, Friday, or Saturday for four weeks in January–February.*

***Note:** One adult must accompany children attending Pre-K series. If you want to be in class with another family, you need to pick the same class (Group A or B).

PRICING:

\$90 Members | \$105 Non-members

Finding Friends

From the low rumbles of elephants to the gentle touch of a gorilla mom, animals have many ways to share messages with one another. Some use sights and sounds, others use smells or even touch to say “stay away,” “come closer,” or “I’m here!” In this series, we’ll explore how animals communicate—through colors and expressions, calls and rumbles, scents and smells, and even grooming and gentle touches. Discover how animals find friends, work together, and survive by using their senses to talk without words.

DATES & TIMES:

Tuesdays: Feb. 17, 24 & Mar. 3, 10 | 10:00–11:00 a.m.

Wednesdays: Feb. 18, 25 & Mar. 4, 11 | 10:00–11:00 a.m.

Fridays: Feb. 20, 27 & Mar. 6, 13 | 10:00–11:00 a.m.

Saturdays: Feb. 21, 28 & Mar. 7, 14 | 10:00–11:00 a.m.

Choose to come every Tuesday, Wednesday, Friday, or Saturday for four weeks in February–March.*

Kindergarten

1st and 2nd Grade

Say What?!

What do colorful feathers, fancy foot work, squawking, and poop all have in common?! Most animals may not be able to “talk” in the same way that we do, but they sure do know how to communicate with each other in a diversity of ways! We’ll meet these unconventional “talkers” up-close and use our senses to figure out what kind of messages they are trying to share.

DATES & TIMES:

Tuesdays: Jan. 13, 20, 27 & Feb. 3 | 10:00–11:30 a.m.

Wednesdays: Jan. 14, 21, 28 & Feb. 4 | 10:00–11:30 a.m.

Saturdays: Jan. 17, 24, 31 & Feb. 7 | 10:00–11:30 a.m.

Choose to come every Tuesday, Wednesday, or Saturday for four weeks in January–February.*

Bio-Buddies

Can a moth and a sloth be buddies? Can a tree and a bee be friends? Why not? Many animals have unusual friends. These partnerships show how animals and nature work together. Uncover how animals help each other and how these friendships fit into the balance of nature.

DATES & TIMES:

Tuesdays: Feb. 17, 24 & Mar. 3, 10 | 10:00–11:30 a.m.

Wednesdays: Feb. 18, 25 & Mar. 4, 11 | 10:00–11:30 a.m.

Saturdays: Feb. 21, 28 & Mar. 7, 14 | 10:00–11:30 a.m.

Choose to come every Tuesday, Wednesday, or Saturday for four weeks in February–March.*

***Note:** Kindergarten Zoo Troopers and older attend without an adult. This is a drop-off style program.

PRICING:

\$95 Members | \$110 Non-members

Extreme Senses

An owl can hear a mouse rustling over 100 feet away, a bear can sniff out food from miles off, and a butterfly can taste with its feet! Animals experience the world in ways that seem almost super-powered to us. Come discover how creatures big and small use their senses to survive, explore, and thrive. Some of the world’s coolest critters have the most amazing senses!

DATES & TIMES:

Tuesdays: Jan. 13, 20, 27 & Feb. 3 | 10:00 a.m.–12:00 p.m.

Wednesdays: Jan. 14, 21, 28 & Feb. 4 | 10:00 a.m.–12:00 p.m.

Saturdays: Jan. 17, 24, 31 & Feb. 7 | 1:30–3:30 p.m.

Choose to come every Tuesday, Wednesday, or Saturday for four weeks in January–February.

PRICING:

\$100 Members | \$115 Non-members

Secret Messages

Shhhh! Some animals are masters of secret communication. From the biggest beasts to the tiniest insects, these clever creatures share messages in whispers, wiggles, and even colors—no sound required! Come uncover how animals “talk” without saying a word.

DATES & TIMES:

Tuesdays: Feb. 17, 24 & Mar. 3, 10 | 10:00 a.m.–12:00 p.m.

Wednesdays: Feb. 18, 25 & Mar. 4, 11 | 10:00 a.m.–12:00 p.m.

Saturdays: Feb. 21, 28 & Mar. 7, 14 | 1:30–3:30 p.m.

Choose to come every Tuesday, Wednesday, or Saturday for four weeks in February–March.

5th and 6th Grade

Eye Saw That

Do you see eye to eye with wildlife? Maybe, maybe not! Animal eyes are adapted to perceive their world and tell them important information to help them survive. Not all visual cues are important to all species and not all things look the same to all animals. We'll learn how different species use their uniquely adapted eyes and their sense of sight to see their world and how this sense helps them to meet their needs and survive in the world.

DATES & TIMES:

Tuesdays: Jan. 13, 20, 27 & Feb. 3 | 10:00 a.m.–12:00 p.m.

Wednesdays: Jan. 14, 21, 28 & Feb. 4 | 10:00 a.m.–12:00 p.m.

Saturdays: Jan. 17, 24, 31 & Feb. 7 | 1:30–3:30 p.m.

Choose to come every Tuesday, Wednesday, or Saturday for four weeks in January–February.

A Tail's Tale

A rudder, a signal, a balancer, a breaking system—tails serve all sorts of interesting functions. We will look at the science and the structure of tails and who uses them for what, the clues a tail can tell about an animal's lifestyle, and the tools that we use to help make up for not having a tail ourselves.

DATES & TIMES:

Tuesdays: Feb. 17, 24 & Mar. 3, 10 | 10:00 a.m.–12:00 p.m.

Wednesdays: Feb. 18, 25 & Mar. 4, 11 | 10:00 a.m.–12:00 p.m.

Saturdays: Feb. 21, 28 & Mar. 7, 14 | 1:30–3:30 p.m.

Choose to come every Tuesday, Wednesday, or Saturday for four weeks in February–March.

PRICING:

\$100 Members | \$115 Non-members

Call Me, Maybe!

Can you tell the difference between an alarm call and a friendly vocalization just by hearing it? How does an animal's color send a silent message? What does it really mean when your cat rubs its head on you? Scent, color, sound, animals use many methods to share information with their friends, foes, and neighbors. We will explore the important role that animal communication plays both within and between species. We will even look for and recognize the meaning of some common animal communications and uncover the power of our own words and voices by sharing what we learn with our friends and family.

DATES & TIMES:

Tuesdays: Jan. 13, 20, 27 & Feb. 3 | 10:00 a.m.–12:00 p.m.

Wednesdays: Jan. 14, 21, 28 & Feb. 4 | 10:00 a.m.–12:00 p.m.

Saturdays: Jan. 17, 24, 31 & Feb. 7 | 1:30–3:30 p.m.

Choose to come every Tuesday, Wednesday, or Saturday for four weeks in January–February.

PRICING:

\$100 Members | \$115 Non-members

Habitat Heroes

What do an alligator, a panda, and a frog have in common? They're nature's guardians! Some animals act as early warning signs when their homes change, otters keep ecosystems running smoothly, and a few provide protection for countless creatures around them. Come find out which amazing animals fill these roles.

DATES & TIMES:

Tuesdays: Feb. 17, 24 & Mar. 3, 10 | 10:00 a.m.–12:00 p.m.

Wednesdays: Feb. 18, 25 & Mar. 4, 11 | 10:00 a.m.–12:00 p.m.

Saturdays: Feb. 21, 28 & Mar. 7, 14 | 1:30–3:30 p.m.

Choose to come every Tuesday, Wednesday, or Saturday for four weeks in February–March.

7th and 8th Grade

Animal Instincts

Finding food, shelter, and safety are essential for an animal's survival. What about things like play and vocalizations, though? How much of what animals do is learned, and how much is instinct? We will explore the roots and causes of some of the different behaviors that animals display every day as well as how these behaviors might differ between wild and captive animals.

DATES & TIMES:

Tuesdays: Jan. 13, 20, 27 & Feb. 3 | 10:00 a.m.–12:00 p.m.

Wednesdays: Jan. 14, 21, 28 & Feb. 4 | 10:00 a.m.–12:00 p.m.

Saturdays: Jan. 17, 24, 31 & Feb. 7 | 1:30–3:30 p.m.

Choose to come every Tuesday, Wednesday, or Saturday for four weeks in January–February.

Be Mine!

Love is in the air this month. From stinky pheromones to musical duets and gifts of food to elaborate dance routines, animals have interesting ways of finding and winning over a mate. We'll learn about the role that sounds, sights, and smells play in animals finding each other and some of the funny and strange things that animals do to win over a prospective partner. Discover the important role conservation science sometimes plays in helping love blossom in the animal world.

DATES & TIMES:

Tuesdays: Feb. 17, 24 & Mar. 3, 10 | 10:00 a.m.–12:00 p.m.

Wednesdays: Feb. 18, 25 & Mar. 4, 11 | 10:00 a.m.–12:00 p.m.

Saturdays: Feb. 21, 28 & Mar. 7, 14 | 1:30–3:30 p.m.

Choose to come every Tuesday, Wednesday, or Saturday for four weeks in February–March.

Garden Programs

Landscaping for the Homeowner

DATE: Wednesdays, Feb. 4, 11, 18, 25 & Mar. 4

TIME: 7:00–9:00 p.m.

PRICING: \$60 Members | \$75 Non-members

Join us for our 5-week virtual series of lectures regarding all aspects of landscaping for the homeowner by one of the region's top horticulturalists and the Zoo's Director of Horticulture, Steve Foltz. If you are planning on garden renovation or a new installation in your landscape, these classes provide great insight on design, preparation, and plant selection with emphasis on plants that do best in the Tri-state area. A different aspect of landscaping is covered each week such as perennial design and tree care, but one way or another everything is covered!

Day Programs

Maple Tapping and Tasting

DATE: Feb. 21

TIME: 10:00 a.m.–12:00 p.m.

PRICING: \$20 Members | \$25 Non-members

Come join us at the Zoo's Bowyer Farm for a fun afternoon full of history, hands-on activities, and storytelling all about maple tapping! This program offers a sweet peek into the history of this age-old tradition and offers an opportunity to participate in the maple tapping process. At the end, participants will be able to taste the precursor to maple syrup, fresh from the tree! This program is sure to be fun for the whole family.

Note: This program takes place at our Bowyer Farm in Mason, located at 2210 Mason Montgomery Road. This is an outdoor program—dress warmly and with comfortable walking shoes to walk approximately 1–2 miles over uneven terrain. All attendees 3 years and above must register. At least one adult must register per group. Children under 3 years are free. Price is per person.

Evening Programs

Zoo Night Hike: Winter Wonderland

DATES: Jan. 24 & Feb. 28

TIME: 6:00–7:30 p.m.

PRICING: \$20 Members | \$25 Non-members

Bundle up and discover the Zoo after hours this winter! From playful penguins and howling wolves to energetic otters, snow-loving red pandas, and mighty bald eagles, you'll see how animals thrive in chilly weather. Take an exclusive guided hike through the Zoo after it closes, where frosty air and glowing lights make the perfect backdrop for spotting our cold-weather champions. Along the way, dive into hands-on activities and warm up with up-close encounters. Winter nights have never been so wild!

Note: All attendees 3+ years must register. One adult required per group. Children under 3 years are free. Price is per person.

Adults' Night Out

DATES: Dec. 5, 13 & 20

TIME: 6:00–9:00 p.m.

PRICING: Members: \$35 for first child, \$30 for each additional child
Non-members: \$40 for first child, \$35 for each additional child

Need a few hours to tackle your winter to-do list or simply take a night off? Drop the kids off for an evening of wild fun at the Zoo! While you enjoy a stress-free evening, your kids will enjoy pizza, games, a movie, and even an up-close encounter with some of our animal ambassadors. You can drop off and pick up anytime between 6:00–9:00 p.m. We'll make sure your little ones have a safe and unforgettable night.

Note: For children 5 years and older. This program takes place during PNC Festival of Lights, please allow extra time for heavy traffic.

Overnight Adventures®

The gates are shut, the lights are down, and everyone has gone home for the day. It's time to discover the Zoo after dark! Go behind closed doors and get up-close with animal encounters, hikes, and games. After a night of adventure, tuck into your sleeping bag overlooking the animals and then wake up the next morning to breakfast and a special animal experience. The fun doesn't have to stop there as next day admission is included and you can explore the Zoo on your own!

DATES: Pick your date Monday–Saturday, January through November (Twiga Tented Safari April through October only).

TIME: 7:00 p.m.–9:00 a.m. the next morning

PRICING: \$60–\$70 per person depending on the program, Twiga Tented Safari is sold as one tent of 10 people for \$1,000.

WHO: Perfect for any group. Schools, clubs, scouts, 4-H, birthday parties, family celebrations, sororities/fraternities, work outings and more! Anyone can spend the night at the Zoo over the age of 5!

Adventures in Adaptations

Adaptations are the key to life! Join us as we explore how animals find their food, escape predators, find a mate, and overall SURVIVE in all their unique habitats. Throughout the night we'll explore a few places in the Zoo, participate in fun, educational activities, get a behind-the-scenes sneak peek, and meet some of our animal ambassadors up-close and personal! Then, after the fun, curl up in our private education classrooms overlooking our rainforest.

African Predator Prowl

On the African plains, it's survival of the fittest! Discover the adaptations predators have to hunt and how their prey has evolved to give them a fighting chance. We'll observe our incredible African predator and prey species, investigating what it takes for these animals to survive. You'll go behind-the-scenes to our African animal care staff areas to see how we bring expert care and attention to these extraordinary species. Then after the fun, curl up in our private education classrooms overlooking our rainforest.

Sleep with the Manatees

Our local species play vital roles in maintaining healthy ecosystems. They help regulate prey populations, disperse seeds, pollinate plants, cycle nutrients, and enrich the soil. Some create habitats that provide shelter and breeding grounds for other plants and animals! There's so much to discover, and learn, from the amazing diversity of life in North America! When the night ends, you'll doze off at our Manatee Springs building with manatees floating by your bed.

Note: Program participants will sleep in our Manatee Springs building, which is one large, open room. Please be aware that there is no way to divide or separate the group within the space. Program instructors will sleep in the same room as participants, positioned at the back of the building to provide supervision while maintaining distance from guests.

Elephant Trekking at Night

Join us for a wild new Overnight Adventure where teamwork takes center stage! Discover the incredible ways animals cooperate to survive and thrive. From elephant herds led by wise matriarchs to the organized chaos of ant colonies, you'll discover the power of working together in the animal kingdom. As night falls, we'll trek through the Zoo, meet incredible animal ambassadors, and uncover the secrets of animal communities in action. We'll even go behind-the-scenes in the Elephant Trek Pump Room and explore the fascinating CREW Discovery Station, where conservation comes to life. Then, wind down the night in our private education classrooms overlooking our rainforest.

Note: There is the possibility to sleep in the Elephant Trek event space on Monday nights only. For all other nights, participants will sleep in our Education Rainforest building.

Twiga Tented Safari

Only available April–October. A truly one-of-a-kind experience, our Twiga Tented Safari will take you across the African grasslands. We'll traverse through Africa, listening to tales of innovation for living harmoniously with wildlife, such as how a flashlight can shield you against lions, or why a puppy raised with goats can save cheetahs. On our safari, we will get behind-the-scenes at Hippo Cove and uncover secrets of our world-famous bloat. We'll finish up our night at our Twiga tents, gathered round a roaring campfire roasting s'mores. Then, this unique adventure ends with a relaxing night in our shared safari tents on cozy cots and waking up to breakfast overlooking Giraffe Ridge.

Overnight Adventures®

Sleep with the Manatees Overnight Safari

DATES: Jan. 17 or Feb. 21

TIME: 7:00 p.m. – 9:00 a.m. the next day

PRICING: \$65 per person

WHO: Individuals, families, and small groups

Florida is full of diverse habitats that are bursting with thousands of animal species, from walking-on-water basilisks to slow-and-steady manatees. We'll dive headfirst into the astonishing biodiversity of these habitats, centering around the lives of our resident manatees who are a part of a rehabilitation program. Throughout the night we'll explore a few places in the Zoo, participate in fun, educational activities, get a behind-the-scenes sneak peek, including our amazing science and research center CREW, and meet some of our animal ambassadors up-close and personal! When the night ends, you'll doze off at our Manatee Springs building in the big open-spaced exhibit area.

Note: At least one adult must register per group. Children must be at least 5 years old. Price is per person. Sleeping space is a shared open room in the Manatee Springs building.

Internships

The Cincinnati Zoo & Botanical Garden Intern Program provides participants with early career experience in a specific department. Interns gain valuable skills through hands-on training with staff, develop professional contacts in the Zoo community, and attend lectures, professional development and continuing education courses presented by staff from various departments.

Winter/Spring Internship Session: Mid-January through End of April. Applications are accepted from **Sept. 15th through Nov. 15th.**

Summer Internship Session: Mid-May through Mid-August. Applications are accepted from **Jan. 1st through Feb. 15th.**

For more information about the internship program, please visit the **Job Opportunities page** on the Cincinnati Zoo website.

Professional Development

Advanced Inquiry Program Master's Degree

Ignite Ecological & Social Change While Earning Your Master's Degree

The Advanced Inquiry Program (AIP) is an online master's degree from Miami University that combines web-based coursework from Miami with unique experiential learning at the Zoo. Created for working professionals in various career stages, the AIP immerses students in collaborative inquiry and action as they champion change for the environment and their local community. AIP students join a network of local and national leaders, working together to improve their professions, institutions, neighborhoods, and environments.

Applications for the next cohort are open with a submission deadline of **February 15, 2026**. Courses will begin in May 2026. For more information or to learn how to apply, check out cincinnatizoo.org/AIP.

Get Involved

ZooTeens 2026: Applications Close Jan. 31

The ZooTeen program is perfect for teenagers (13–17) who are passionate about nature, animals, and conservation! ZooTeens build knowledge, gain leadership experience, and develop professional skills while having a lot of FUN in education programs, engaging with Zoo visitors, collecting community science data, and getting involved in the community. **The application period for Summer 2026 is December 1st to January 31st.**
