

A group of diverse children and an adult woman are gathered around a large tortoise on a carpeted floor. They are all smiling and reaching out to touch the tortoise's shell. The children are of various ethnicities and ages, mostly in the elementary school range. The woman is on the left, leaning in. The tortoise is a large, dark-shelled species, possibly a Galapagos tortoise, with its head and front legs visible. The background is slightly blurred, showing an indoor setting with a doorway.

Zoo Troop Overview

What is Zoo Troop?

Learning and growing is fun at the Cincinnati Zoo & Botanical Garden! Zoo Troop is a once-a-week, 4-week series for toddlers through 8th graders designed to spark curiosity, build empathy, and encourage healthy social skills while fostering knowledge and respect for wildlife and wild places.

Each class includes interactive activities in the classroom, Zoo hikes, and close encounters with ambassador animals. Older participants also take on a series-long project or presentation, giving them the chance to dive deeper and share what they've learned. With the same knowledgeable instructor leading each week, children can build positive relationships while exploring new topics that connect them to the wild world around them.

DATES & TIMES:
Attend on Tuesdays, Wednesdays, Fridays, or Saturdays.
See individual class descriptions for current series of topics.

Toddlers

Animal Tales

Do you know what The Very Busy Spider was doing all day long? Can you imagine all the creatures that live in The Tall, Tall Grass? Have you ever asked, “Brown Bear, Brown Bear, What Do You See?” During this series, your Zoo Trooper will move and explore our world like the animals in our books through dramatic play, meeting animals in the classroom, and exploratory hikes through the Zoo!

DATES & TIMES:

Choose between 9:30–10:15 am or 11–11:45 am

Tuesdays: Jan. 12, 19, 26, & Feb. 2 | **Wednesdays:** Jan. 13, 20, 27, & Feb. 3

Fridays: Jan. 15, 22, 29, & Feb. 5 | **Saturdays:** Jan. 16, 23, 30, & Feb. 6

***Note:** Toddler series is for children 18–36 months old. Plan for one adult to stay with your Zoo Trooper during these classes. Only one adult may accompany each child during the classroom portion.

PRICING:

\$90 Members | \$105 Non-members

Animals of All Shapes & Sizes

Does a robin’s beak look like a triangle? Do elephant legs look like rectangles? What better way to learn shapes than by learning with animals! Bring your toddler to this four-week series to learn how we can discover shapes while we learn about animals! Join us to learn about shapes while we move around the Zoo, meet animals in the classroom, and find shapes as we explore.

DATES & TIMES:

Choose between 9:30–10:15 am or 11–11:45 am

Tuesdays: Feb. 16, 23, & Mar. 2, 9 | **Wednesdays:** Feb. 17, 24, & Mar. 3, 10

Fridays: Feb. 19, 26, & Mar. 5, 12 | **Saturdays:** Feb. 20, 27, & Mar. 6, 13

***Note:** Toddler series is for children 18–36 months old. Plan for one adult to stay with your Zoo Trooper during these classes. Only one adult may accompany each child during the classroom portion.

PRICING:

\$90 Members | \$105 Non-members

Pre-K

At Home in the Cold

Do you like to play outside when it’s cold or snowy? So do some Zoo animals! Join us as we journey through the Zoo to identify the animals with the best adaptations to keep warm on the coldest days. We call these friends cold weather warriors! Bundle up—it might get chilly.

DATES & TIMES:

10–11 am

Tuesdays: Jan. 12, 19, 26, & Feb. 2 | **Wednesdays:** Jan. 13, 20, 27, & Feb. 3

Fridays: Jan. 15, 22, 29, Feb. 5 | **Saturdays:** Jan. 16, 23, 30, & Feb. 6

***Note:** Pre-K series is for 3, 4, and 5 year olds not in Kindergarten. Plan for one adult to stay with your Zoo Trooper during these classes. Only one adult may accompany each child during the classroom portion.

PRICING:

\$90 Members | \$105 Non-members

Feeling Hot, Hot, Hot!

Scorching sun, dry heat, no shade—wait what?! We might run the opposite way, but some animals can take the heat! Join us in this four-week series as we discover how some animals can survive the hottest temperatures on the planet!

DATES & TIMES:

10–11 am

Tuesdays: Feb. 16, 23, & Mar. 2, 9 | **Wednesdays:** Feb. 17, 24, & Mar. 3, 10

Fridays: Feb. 19, 26, & Mar. 5, 12 | **Saturdays:** Feb. 20, 27, & Mar. 6, 13

***Note:** Pre-K series is for 3, 4, and 5 year olds not in Kindergarten. Plan for one adult to stay with your Zoo Trooper during these classes. Only one adult may accompany each child during the classroom portion.

PRICING:

\$90 Members | \$105 Non-members

Kindergarten

My Home is A...

Pack your bags and join us for a journey around the world! From the freezing arctic to tropical rainforests, different animals call different places “home”. During this four-week series, we’ll take hikes in the Zoo, meet special animal friends, and play games that will help us learn about the diverse and exciting habitats that animals call home.

DATES & TIMES:

Choose to come every Tuesday, Wednesday, or Saturday

10–11:30 am for 4 weeks

Tuesdays: Jan. 12, 19, 26, & Feb. 2 | **Wednesdays:** Jan. 13, 20, 27 & Feb. 3

Saturdays: Jan. 16, 23, 30, & Feb. 6

****Note:** Kindergarten Zoo Troopers and older attend without an adult.*

This is a drop-off style program.

PRICING:

\$95 Members | \$110 Non-members

I Sleep in A...

Do you sleep in a nest like a cockatoo? Maybe you burrow down in the dirt like an armadillo to stay safe and warm? Many animals sleep in unique places! During this four-week series, we’ll play games, hike through the Zoo, and meet some new animal friends as we discover where different animals like to sleep and what types of material they use for shelter.

DATES & TIMES:

Choose to come every Tuesday, Wednesday, or Saturday

10–11:30 am for 4 weeks

Tuesdays: Feb. 16, 23, & Mar. 2, 9 | **Wednesdays:** Feb. 17, 24, & Mar. 3, 10

Saturdays: Feb. 20, 27, & Mar. 6, 13

****Note:** Kindergarten Zoo Troopers and older attend without an adult.*

This is a drop-off style program.

PRICING:

\$95 Members | \$110 Non-members

1st and 2nd Grade

Livin’ Off the Land

Can you picture an elephant climbing a tree? Some animals are made for life on the ground. Join us for this four-week journey to figure out what animals are best suited for terrestrial life! Discover these ground-dwelling critters by meeting some animals in the classroom and out in the Zoo!

DATES & TIMES:

Choose to come every Tuesday or Wednesday or Saturday for 4 weeks

10 am–12 pm

Tuesdays: Jan. 12, 19, 26 & Feb. 2

Wednesdays: Jan. 13, 20, 27 & Feb. 3

1:30–3:30 pm

Saturdays: Jan. 16, 23, 30, & Feb. 6

PRICING:

\$100 Members | \$115 Non-members

Who Lives in the Water?

Who has flippers, fins, tails, or webbed feet? All of these body parts are perfect for moving through water! Join us as we investigate how some animals live the aquatic life! In each class, we will explore aquatic animals around the Zoo, challenge ourselves with classroom activities, and experience up close animal encounters.

DATES & TIMES:

Choose to come every Tuesday or Wednesday or Saturday for 4 weeks

10 am–12 pm

Tuesdays: Feb. 16, 23, & Mar. 2, 9

Wednesdays: Feb. 17, 24, & Mar. 3, 10

1:30–3:30 pm

Saturdays: Feb. 20, 27, & Mar. 6, 13

PRICING:

\$100 Members | \$115 Non-members

3rd and 4th Grade

Globetrotting

From the giraffes of Africa to the orangutans of Asia, this intercontinental journey will take us all over the globe. Explore the leaf-cutter ants of Central and South America to the river otters of North America in this four-week series where we'll travel from north to south and east to west as we explore wildlife that calls each continent home.

DATES & TIMES:

Choose to come every Tuesday or Wednesday or Saturday for 4 weeks

10 am–12 pm

Tuesdays: Jan. 12, 19, 26, & Feb. 2

Wednesdays: Jan. 13, 20, 27 & Feb. 3

1:30–3:30 pm

Saturdays: Jan. 16, 23, 30, & Feb. 6

PRICING:

\$100 Members | \$115 Non-members

Island Inhabitants

Islands are very special places. Split from the mainland by water, over time, they become home to some unique animals and habitats. Come island-hop with us through this four-week series as we travel from the Galapagos to Madagascar to Komodo (to name a few) to learn about the animals that are found only in these special ecosystems and the ways scientists are working to protect these amazing places.

DATES & TIMES:

Choose to come every Tuesday or Wednesday or Saturday for 4 weeks

10 am–12 pm

Tuesdays: Feb. 16, 23, & Mar. 2, 9

Wednesdays: Feb. 17, 24, & Mar. 3, 10

1:30–3:30 pm

Saturdays: Feb. 20, 27, & Mar. 6, 13

PRICING:

\$100 Members | \$115 Non-members

5th and 6th Grade

Backyard Biologist

Animals leave many signs behind when they live in or pass through a place. An animal's call, tracks, nest spot, and even scat can tell us a lot about who they are and how they spend their time. Plants also give clues on what they are and which habitat they prefer. During this four-week series, we will learn how to identify local plant and animal wildlife and how to be good stewards of the natural world in our own backyards.

DATES & TIMES:

Choose to come every Tuesday or Wednesday or Saturday for 4 weeks

10 am–12 pm

Tuesdays: Jan. 12, 19, 26 & Feb 2

Wednesdays: Jan. 13, 20, 27, & Feb. 3

1:30–3:30 pm

Saturdays: Jan 16, 23, 30, & Feb. 6

PRICING:

\$100 Members | \$115 Non-members

Animal Architects

From tree-eating elephants to mound-building insects, animals change, mold, and shape the world around them. While simply making a home or finding food, these animals make a lasting impact. During this four-week series, we will learn about the original architects of this world and how the things they build or destroy help them survive and impact their habitat.

DATES & TIMES:

Choose to come every Tuesday or Wednesday or Saturday for 4 weeks

10 am–12 pm

Tuesdays: Feb. 16, 23, & March 2, 9

Wednesdays: Feb. 17, 24, & Mar. 3, 10

1:30–3:30 pm

Saturdays: Feb. 20, 27, & Mar. 6, 13

PRICING:

\$100 Members | \$115 Non-members

7th and 8th Grade

Most Extreme Habitats

Polar, arid, harsh, and extreme—these are words that describe some of the most inhospitable places on Earth, yet nature finds a way! From the tops of treacherous mountains to the middle of scorching deserts, some animals are adapted to not just survive, but thrive in the most extreme habitats on Earth. During this four-week series, we will do some in-depth investigations of these habitats and learn about the lengths that animals will go to make them their home.

DATES & TIMES:
Choose to come every Tuesday or Wednesday or Saturday for 4 weeks
10 am–12 pm
 Tuesdays: Jan. 12, 19, 26, & Feb. 2
 Wednesdays: Jan. 13, 20, 27 & Feb. 3

1:30–3:30 pm
 Saturdays: Jan. 16, 23, 30, & Feb. 6

PRICING:
\$100 Members | \$115 Non-members

Sharing Spaces & Common Places

Humans and animals share habitat in places as close as our backyard and as far away as the savannahs of Kenya. With such close proximity, conflict can arise, but so can coexistence. During this four-week series, we will explore the ways wildlife and human cultures have found balance, as well as how we can grow these successes.

DATES & TIMES:
Choose to come every Tuesday or Wednesday or Saturday for 4 weeks
10 am–12 pm
 Tuesdays: Feb. 16, 23, & March 2, 9
 Wednesdays: Feb. 17, 24, & Mar. 3, 10

1:30–3:30 pm
 Saturdays: Feb. 20, 27, & Mar. 6, 13

PRICING:
\$100 Members | \$115 Non-members

Winter Camp

DATES: *Join us either December 21, 22, 23, or December 28, 29, 30*
TIME: 9 am–4 pm
PRICING: \$185 Members | \$200 Non-members

Cold Weather Critters

WHO: Kindergarten–Second Grade

Br-rr-rrrr, get out the gloves, jackets, and hats: winter is coming! Good thing many animals have built-in cold weather gear! Join us for this adventure as we meet cold weather animals face-to-face, hike to animal habitats, and discover the local wildlife that can tough out the harsh cold, just like we can!

Winter Warriors

WHO: Third–Eighth Grade

Some animals are equipped to tough out the cold and snow, while others migrate or hibernate to avoid the winter weather altogether. During this fun, hands-on program, we will investigate our own cold-weather adaptations with Zoo hikes, compare our adaptations to those of other animals with animal visits, and use games and other activities to have fun exploring and playing together.

Note: *Grades will be further sub-divided based on registration numbers.*

Holiday Camp

DATES: *Join us either Jan. 18, 2027 (Martin Luther King Jr. Day) or Feb. 15, 2027 (Presidents’ Day)*
WHO: Kindergarten–Eighth Grade
TIME: 9 am–4 pm
PRICING: \$65 Members | \$80 Non-members

Note: *Grades will be further sub-divided based on registration numbers.*

Enrichment Expedition

Is play an important part of your day? It is to animals here at the Zoo! In this one-day camp, we will explore how both human and non-human animals use enrichment to stay healthy and learn how to get along with others. With interactive activities and observations of animals both in the Zoo and in the classroom, we will learn about how play is useful in keeping our animals happy and healthy. We will even create enrichment items for a few of our Zoo residents to enjoy.

Day Programs

Zoo Gourmet

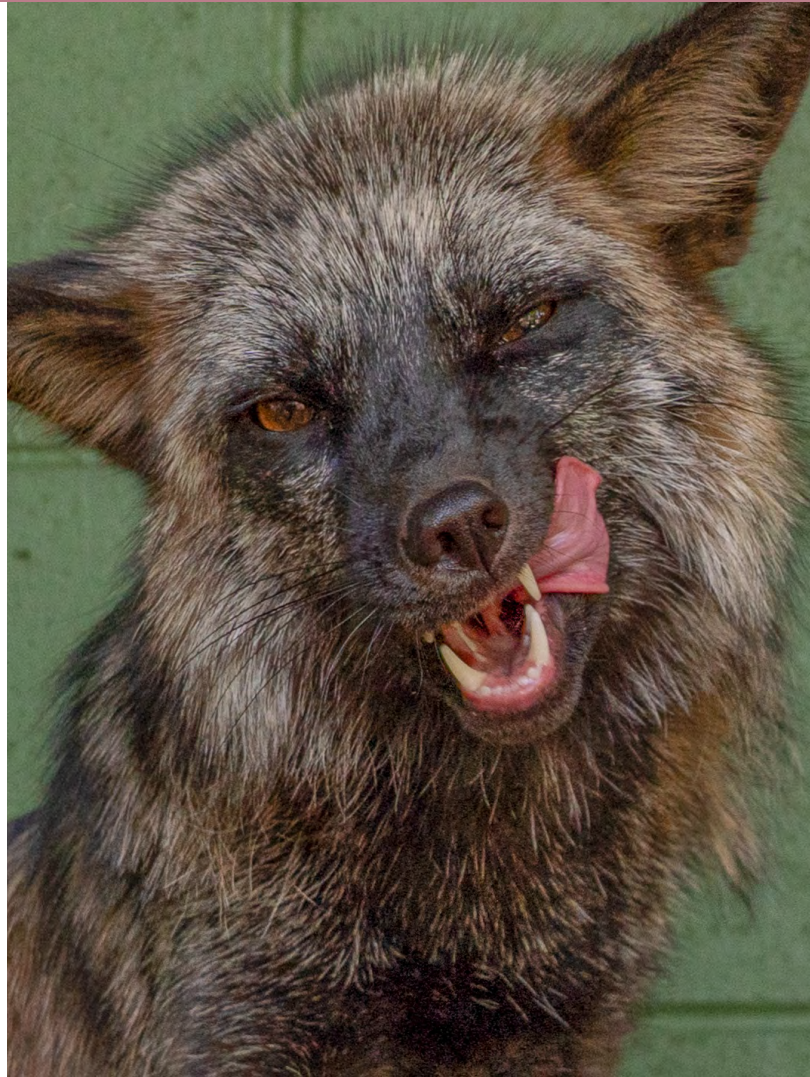

DATE: December 12, 2026

TIME: 10 am–12 pm

PRICING: \$20 Members | \$25 Non-members

Food is a huge part of celebrating holidays! At the Zoo, our animals feast year-round on carefully planned diets. Join us for a holiday food frenzy and learn how we feed thousands of animals every day. Through games, a hike around the Zoo, and with the help of animal ambassadors, we'll learn about why different animals eat different foods, and how the Zoo manages its many menus.

Note: All attendees 3+ years must register. At least one adult must register per group. Children under 3 years are free. Price is per person.

Maple Tapping & Tasting

DATE: February 20, 2027

TIME: 10 am–12 pm

PRICING: \$20 Members | \$25 Non-members

Come join us at the Zoo's Bowyer Farm for a fun afternoon full of history, hands-on activities, and storytelling all about maple tapping! This program offers a sweet peek into the history of this age-old tradition and offers an opportunity to participate in the maple tapping process. At the end, participants will be able to taste the precursor to maple syrup, fresh from the tree! This program is sure to be fun for the whole family.

Note: Perfect for families with children of all ages, or the maple enthusiast. All attendees 3+ years must register. At least one adult must register per group. Children under 3 years are free. Price is per person.

This program takes place at our Bowyer Farm in Mason, located at 2210 Mason Montgomery Road. This is an outdoor program—dress warmly and with comfortable walking shoes to walk approximately 1–2 miles over uneven terrain.

Evening Programs

Zoo Night Hike: Flora in Flurries

DATES: November 8 & 15, 2026

TIME: 6–7:30 pm

PRICING: \$20 Members | \$25 Non-members

Winter can be a harsh time for animals, but what about plants? Why do some plants shed their leaves while others are green year-round? Come for a pre-winter wander around the Zoo and learn about some of the amazing adaptations that our Zoo plants use to help them survive and thrive in the cold. After this program, you will have a new year-round appreciation for our botanical garden!

Note: All attendees 3+ years must register. At least one adult must register per group. Children under 3 years are free. Price is per person.

Zoo Night Hike: Winter Wonderland at the Zoo

DATES: January 30 & February 27, 2027

TIME: 6–7:30 pm

PRICING: \$20 Members | \$25 Non-members

Join us each season for a special night hike around the Zoo, and the winter season is for all the animals who LOVE the cold! From penguins to wolves to otters, join us on select nights to explore the animals who are thriving in the snow. Participate in fun, educational activities, take a Zoo hike while the Zoo is closed, and meet some of our animal ambassadors up close and personal!

Kids-Only Pajama Jam at the Zoo

DATES: December 21, 2026 & February 13, 2027

TIME: 6–9 pm

PRICING: \$40 first child, \$35 for additional siblings

Need a few hours to tackle your winter to-do list or simply take a night off? Drop the kids off for an evening of wild fun at the Zoo! We'll take a hike, play some games, and meet some animal ambassadors before we end the evening snuggled in our sleeping bags for a movie and popcorn.

Note: This program is designed for children 5–12 years of age. Dinner will not be served, but a popcorn snack will be provided.

Overnight Adventures®

The gates are shut, the lights are down, and everyone has gone home for the day. It's time to discover the Zoo after dark! Go behind closed doors and get up-close with animal encounters, hikes, and games. After a night of adventure, tuck into your sleeping bag overlooking the animals and then wake up the next morning to breakfast and a special animal experience. The fun doesn't have to stop there as next day admission is included and you can explore the Zoo on your own!

DATES: Pick your date Monday–Saturday, January–November (Twiga Tented Safari April–October only).

TIME: 7 pm–9 am the next morning

PRICING: \$60–\$70 per person depending on the program, Twiga Tented Safari is sold as one tent of 10 people for \$1,000.

WHO: Perfect for any group. Schools, clubs, scouts, 4-H, birthday parties, family celebrations, sororities/fraternities, work outings and more! Anyone can spend the night at the Zoo over the age of 5!

Adventures in Adaptations

Adaptations are the key to life! Join us as we explore how animals find their food, escape predators, find a mate, and overall SURVIVE in all their unique habitats. Throughout the night we'll explore a few places in the Zoo, participate in fun, educational activities, get a behind-the-scenes sneak peek, and meet some of our animal ambassadors up-close and personal! Then, after the fun, curl up in our private education classrooms overlooking our rainforest.

African Predator Prowl

On the African plains, it's survival of the fittest! Discover the adaptations predators have to hunt and how their prey has evolved to give them a fighting chance. We'll observe our incredible African predator and prey species, investigating what it takes for these animals to survive. You'll go behind-the-scenes to our African animal care staff areas to see how we bring expert care and attention to these extraordinary species. Then after the fun, curl up in our private education classrooms overlooking our rainforest.

Sleep with the Manatees

Our local species play vital roles in maintaining healthy ecosystems. They help regulate prey populations, disperse seeds, pollinate plants, cycle nutrients, and enrich the soil. Some even create habitats that provide shelter and breeding grounds for other plants and animals! There's so much to discover, and learn, from the amazing diversity of life in North America! When the night ends, you'll doze off at our Manatee Springs building with manatees floating by your bed.

Note: Program participants will sleep in our Manatee Springs building, which is one large, open room. Please be aware that there is no way to divide or separate the group within the space. Program instructors will sleep in the same room as participants, positioned at the back of the building to provide supervision while maintaining distance from guests.

Elephant Trekking at Night

Join us for a wild new Overnight Adventure where teamwork takes center stage! Discover the incredible ways animals cooperate to survive and thrive. From elephant herds led by wise matriarchs to the organized chaos of ant colonies, you'll discover the power of working together in the animal kingdom. As night falls, we'll trek through the Zoo, meet incredible animal ambassadors, and uncover the secrets of animal communities in action. We'll even go behind-the-scenes in the Elephant Trek Pump Room before winding down for the night in our private education classrooms overlooking our rainforest.

Note: There is the possibility to sleep in the Elephant Trek event space on Monday nights only. For all other nights, participants will sleep in our Education Rainforest building.

Twiga Tented Safari

Only available April–October. A truly one-of-a-kind experience, our Twiga Tented Safari will take you across the African grasslands. We'll traverse through Africa, listening to tales of innovation for living harmoniously with wildlife, such as how a flashlight can shield you against lions, or why a puppy raised with goats can save cheetahs. On our safari, we will get behind-the-scenes at Hippo Cove and uncover secrets of our world-famous bloat. We'll finish up our night at our Twiga tents, gathered round a roaring campfire roasting s'mores. Then, this unique adventure ends with a relaxing night in our shared safari tents on cozy cots and waking up to breakfast overlooking Giraffe Ridge.

Overnight Adventures®

Overnight Safari Sleep with the Manatees

DATES: January 16 & February 27, 2027

TIME: 7 pm–9 am the next day

PRICING: \$70 per person

WHO: Individuals, families, and small groups. Anyone can book this program, and people will be joined into larger groups for the experience.

From aquatic manatees and sea otters to land-based wolves and bears, North America is home to an incredible diversity of species. These amazing creatures play vital roles in maintaining healthy ecosystems by regulating prey populations, dispersing seeds, pollinating plants, and cycling nutrients. Some even create habitats that provide shelter and breeding grounds for other plants and animals! There's so much to discover, and learn, from the amazing diversity of life in North America! When the night ends, you'll doze off at our Manatee Springs building with manatees floating by your bed.

Note: Program participants will sleep in our Manatee Springs building, which is one large, open room. Please be aware that there is no way to divide or separate the group within the space. Program instructors will sleep in the same room as participants, positioned at the back of the building to provide supervision while maintaining distance from guests. All attendees must be 5 years and above and registered. At least one adult must register per group.

Professional Development

Advanced Inquiry Program Master's Degree

Ignite Ecological & Social Change While Earning Your Master's Degree

Created for working professionals in various career stages, the AIP immerses students in collaborative inquiry and action as they champion change for the environment and their community. AIP students join a network of local and national leaders, working together to improve their professions, institutions, neighborhoods, and environments. In addition to the full master's degree program, there are opportunities to join single courses for continuing education credits (called "Continuing Graduate Status" at Miami University)!

Applications for the next AIP master's degree cohort are **open now** with a submission deadline of **February 15, 2027**. Courses will begin in **May 2027**. For more information or to learn how to apply, check out cincinnatizoo.org/AIP.

PROJECT DRAGONFLY

Volunteers

2027 Volunteer Opportunity: Calling All Conservation Communicators!

Do you love sharing nature stories and inspiring others to take action for wildlife? Habitat Ambassador volunteer applications open **November 1st!**

Habitat Ambassadors help guests connect with conservation through engaging conversations, hands-on activities, and meaningful wildlife stories throughout the Zoo. If you're passionate about education with a conservation purpose, this could be the perfect volunteer opportunity for you.

Mark your calendars and get ready to help turn curiosity into conservation action! [Click Here](#) to learn more!

Internships

The Cincinnati Zoo & Botanical Garden Intern Program provides participants with early career experience in a specific department. Interns gain valuable skills through hands-on training with staff, attending lectures and continuing education courses presented by staff from various departments, and networking opportunities to develop professional contacts throughout the Zoo community.

Summer Internship Session: Mid-May through mid-August. Applications are accepted from **January 4, 2027 through February 15, 2027.**

Decisions: No later than March 15, 2027

Mandatory Orientation: May 10, 2027

End of Internship: August 15, 2027

For more information about the internship program, please visit the **Job Opportunities page** on the Cincinnati Zoo website.

Events

Great Backyard Bird Count

Did you know you can help contribute to global citizen science without leaving your house?

The 2027 Great Backyard Bird Count is taking place from February 12-15, so get ready to grab your binoculars and your favorite bird ID app!

Visit GBBC's website to learn more about participating.

Conservation Corner

Rain Barrel Art Project

Participate in the '27 Rain Barrel Art Project. Open to artists of all ages and abilities. Interested artists must first submit a design for judging. [Click Here](#) to learn more!

Migratory Songbirds

Time to take action for fall migratory songbirds! Folks can learn more about helping our feathered friends by visiting the Zoo's [Saving Songbirds Resource Hub](#)!
